Thursday 24<sup>th</sup> September 2020

Dear Parents/Carers,

Yesterday we were made aware of an e-safety incident that occurred outside of school hours. We addressed the issue immediately speaking to the people involved and taking appropriate action. We are aware that a recording of the incident has been shared on social media.

A key strand of our e-safety education focuses on how children can use age appropriate online technologies safely as well understanding who to talk to if they experience something online which makes them feel unsafe or worried.

We would remind parents of the importance of monitoring children's online behaviours and not allowing them to use social media apps which are illegal for children under the age of 13.

Children will receive an age appropriate e-safety lesson focusing on the use of online technologies on Monday 28th September 2020. The school will continue to publish a weekly e-safety update in the newsletter to support parents/carers understanding of online technologies.

We thank you for your continued support.

Best Wishes

Mr Unsworth

(Deputy Headteacher/ E-Safety Lead)
