

Year 5 Newsletter

Term 1

Treasure Island

A massive welcome to Year 5!

Although it has been a little different coming back this September, we still have lots of exciting activities planned for this term.

The Year 5 team have been really impressed with the way you have settled in to the new routines and expectations. You have thrown yourselves into new challenges and embraced the step up to Year 5.

Our topic this term is Bristol. We are looking at the history of our city and some main events from its past. It

also links nicely to our text that is set locally.

We have kicked off the Year with a pirate adventure in our text for this term - Treasure Island.

We have planned our own pirate narratives and cannot wait to read the unfolding action.

In maths we have started by recapping place value and are now moving on to looking at addition and subtraction.

Science this term is all about separating mixtures and we have already started to demonstrate some exciting experiments.

Days to remember:

Inside PE Monday

Outside PE Friday

PE kit

Just a reminder that on PE days children need to be wearing their school PE kit (no bright colours please).

As the days get colder, it may be a good idea to opt for joggers and a warm jumper as these will be worn all day including break and lunch.

Please feel free to book a phone appointment with us through the office if you have any questions or concerns. You can also communicate through the reading record books at any point.

Miss Wiltshire & Mrs Peasey

Spellings and TTRS

Once again this year, we will be using Times Table Rock stars to practice our tables. You have written your log on in the back of your reading records.

Unfortunately, we are unable to use this programme during school hours but are expecting the children to continue practising at home.

Spellings will be tested each Friday and your child will receive a new set of spellings each week on the same day. Please support them by practicing these as much as possible at home.
