

Thursday 21st October 2021

Dear Parents/Carers,

E - Safety Notice

We have recently had a few incidents during the school day where school staff have observed children's playground games and/or discussions on the theme of games such as GTA (Grand Theft Auto) or the series Squid Games. These and other similar electronic games and TV programmes have age ratings of 15 or higher.

Please can I ask you to check the security settings of electronic devices such as iPads and tablets which children have access to at home, to ensure content children view is age appropriate. In school at different points, we cover e-safety and teach the children how to keep themselves safe.

Thank you for your support in this matter and co-operation.

Kind regards,

Mr Mark Cox
Deputy Headteacher
