- [Hartcliffe Children's Centre](#)
- [Knowle Children's Centre](#)

Advice for Parents:

- Parents/carers will need to bring ID with them when visiting Children's Centres

How to redeem electronic (e-vouchers)

- Parent/Carers will receive a unique e-voucher code with a link to redeem the electronic voucher
- *When using this code to purchase online, Parents/Carers need to select Giftcard payment and enter the eGift Card Number/PIN*
- *When using in store, this can be done at self-service checkouts or a staffed till - again selecting Giftcard payment, to which they then either have the option of entering the eGift Card Number/PIN or scanning the barcode.*
- *If the user has a smartphone, while in store they can pull up the link on their phone (or save an image of it prior) and scan the barcode directly from their phones*
